**REMINDERS FROM MR. STARR**

**Smoking:**

A reminder that smoking and the use of tobacco (including vaping) is not allowed on school grounds. This is especially true outside of A wing.

**Bluetooth Speakers:**

Guidelines for these speakers are:

Not to be played during class time

No music with inappropriate language

Volume must be low enough to not impede the enjoyment of common space by other students

At present we do not have a 'rule' prohibiting their use. We are giving students an opportunity to self-police. If you are unable to do so then we will have no option but to considering banning their use from the building.

**If you want to have your phone stolen please do the following:**

Leave it charging unattended in the atrium

Take it to the gym and leave it in your backpack or on a bench

Leave it on your desk unattended

Give it to a 'friend' for safekeeping

Lend it to a person you met in the atrium and you think their name might begin with a "D" or some other letter

Leave it on the counter or the toilet paper roll when you are in the bathroom instead of class

Give your BFFs your locker combination then have a falling out with them

**If you don't want your phone to go missing then do the exact opposite of the above.**

We aren't CSI. We don't lock down the school when a phone goes missing. We don't dust for prints. We don't take DNA samples

**If it does go missing let your teacher know ASAP.**

**ATTENTION: GRADE 12 STUDENTS**
